

## FULL-SIZE HEAD LETTUCE VARIETIES PLANTING PROGRAM

Full-sized heads of lettuce are an essential product to have at market and on the farm stand. Variety selection is key in providing your customers with a continuous supply of lettuce throughout the season.

Bergam's Green

Vulcan

Green Forest

Sparx

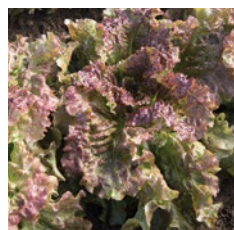

Nancy

Red Cross

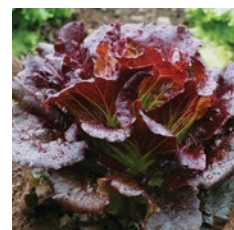

Starfighter

New Red Fire

Muir

Cherokee

Thurinus

Mirlo

Ruby Sky

Marciano

Adriana

Salvius

	Type	Varieties
<b>EARLY SEASON</b> Planting in cool weather (early spring) for warm weather (late spring and early summer) harvest. Varieties are selected for quick growth so they make full heads and are first to market.	Green Leaf	Bergam's Green, Tropicana
	Red Leaf	Vulcan
	Green Romaine	Green Forest
	Romaine Hearts	Sparx
	Red Romaine	Red Rosie
	Green Butterhead	Nancy
	Red Butterhead	Red Cross

	Type	Varieties
<b>MID SEASON</b> Planting in warm weather (late spring and early summer) for hot weather (mid and late summer) harvest. Varieties are selected for heat tolerance - i.e., resistance to bolting and tipburn.	Green Leaf	Starfighter
	Red Leaf	New Red Fire
	Summer Crisp/Batavia	Muir, Magenta, Cherokee
	Green Romaine	Monte Carlo, Salvius
	Romaine Hearts	Sparx
	Red Romaine	Thurinus
	Green Butterhead	Adriana
	Red Butterhead	Skyphos

	Type	Varieties
<b>LATE SEASON</b> Planting in hot weather (late summer) up to 60 days before first frost for cool weather (fall) harvest. Varieties are selected for disease resistance and cold tolerance.	Green Leaf	Starfighter
	Red Leaf	Ruby Sky
	Green Romaine	Salvius
	Romaine Hearts	Sparx
	Red Romaine	Thurinus
	Green Butterhead	Mirlo
	Red Butterhead	Marciano, Skyphos

	Type	Varieties
<b>ALL SEASON</b> Planting in any season with best chances of success and consistency. Varieties are selected for their adaptability under varying conditions.	True Mini	All True Minis
	One-Cut	All Salanova
	Summer Crisp	Muir, Magenta

NOTE: Even heat-tolerant varieties have upper limits of temperatures they can withstand. In areas such as the South and Midwest, we recommend avoiding planting lettuce during the warmest part of the season.
