

Bobcat Standard Kit (#6795) with Sliding Door Kit (#6792)

Optional Add-Ons

BOBCAT HIGH TUNNEL KITS

Build Your Own Durable & Professional-Grade High Tunnel

An easy-to-assemble kit ships to you with the materials and hardware needed to build a 16' x 48' gothic-style high tunnel. The perfect size for small farms and homesteads!

- Roll-up sides for ventilation
- Very resilient to wind and easily sheds snow
- 5'-tall sidewalls provide more head room and vertical space
- Purlin and wind bracing adds rigidity to the structure
- Customize with optional add-on kits. Truss Support Kit (#6790) required for areas with snow.
