

INFINITE ROLLING DIBBLERS COMPARISON CHART

Completely adjustable for many different crop types. Wheels clamp securely in any position on the same axle for almost infinite adjustment up to the maximum width, including offset planting. Minimum spacing 2.75" between rows. Add as many wheels as you need. Frames and wheels ordered separately, below. See chart for possible spacings for each frame.

Part #	Frame Width (approx.)	Number of Wheels Needed for Desired Row Spacing								
		6"	8"	10"	12"	18"	24"	32"	36"	
7775	29"	5	4	3	3	2	*2	n/a	n/a	
7776	37"	6	5	4	3	2	2	*2	n/a	
7777	41"	7	5	4	4	3	2	2	*2	

* Maximum outside wheel spacing for each model.

Dibble Wheel 7779

Required for use of the Infinite Rolling Dibblers. Order as many wheels as you need to achieve the correct between or inter-row spacing with the Infinite Rolling Dibblers. See main parts in the chart below to determine how many wheels to order to meet your spacing requirements. Single wheel. Includes 16 detachable dibbles.

Infinite Dibbler Two-Person Frame

Infinite Dibbler Two-Person Frame 7778

With dual handles for two-person operation. 36" max wheel spacing.
