Glow Stix Moonrise Mix

NEW **Glow Stix Moonrise Mix 4941**
75 days.

EXCLUSIVE! Bold colors. A thoughtfully blended mix for the fall harvest slot. Well-matched maturity, size, and shape creating a beautiful display of deeper colors than Sunrise. Stronger tops for mechanical harvest and longer roots that will keep better in cold storage.

Glow Stix Sunrise Mix 4767
70 days.

EXCLUSIVE! Stunning colors. Early harvests with this quick-maturing mix of pastel-colored carrots. Tested for uniform growing speed and sizes. Well suited for both early spring and summer sowing. Compact tops lend well to bunching.
