

STANDARD CABBAGE TYPES & VARIETIES COMPARISON CHART

Variety	Part #	Days to Maturity	Size/Weight	Shape	Disease Resistance	Features
Fresh Market – Green						
NEW Botran	4819	90	3–4 lb.	Round	HR: FY. IR: BR	Widely adapted and has performed particularly well as a spring or fall crop in the Northeast, Pacific Northwest, and the Carolinas.
Farao	2110G OG	65	3 lb.	Round	–	Tender, thin, crisp, peppery-sweet leaves. Holds well in the field and is slow to split.
Primo Vantage	3231	73	4–4½ lb.	Round	HR: FY	Very short core. Leaves very juicy, tender, and sweet. Holds well in the field.
Tendersweet	2221	71	3½ lb.	Flat	–	Heads stand well without splitting. Tender leaves are very thin, sweet, and crisp. Perfect for coleslaw or stir-fries. Leaves are also suitable for wraps.
Fresh Market – Red						
Integro	262G OG	85	4–5 lb.	Round	–	The leaves are thick and crisp, but not tough. Long standing in the field. Short core.
Primero	4625G OG	72	3 lb.	Round to slightly oval	–	Flavor is slightly sweet and peppery. May also be planted at close spacing for mini-head production.
Omero	3627	73	3 lb.	Round to slightly oval	–	Good, slightly sweet and peppery flavor. Suitable for planting at close spacing to produce mini heads.
Fresh Market – Savoy						
Alcosa	2985	72	2–4 lb.	Round	IR: DM	Well-packed, thin, yellow interior leaves quickly fill in, making it a smart choice for closely spaced plantings of mini cabbages. Flavor improves with cold weather. Best in cooked dishes.
Clarissa	4089	89	1½–3 lb.	Round	HR: WR	Attractive, well-wrapped heads that are densely packed with thin, yellow leaves. Cool weather intensifies the flavor. Best in cooked dishes.
Deadon	306G OG	105	5–8 lb.	Round	HR: FY	The magenta color intensifies with colder weather for this January King type cabbage. Delicious, sweet flavor.
Famosa	313G OG	81	2–4 lb.	Round	IR: DM	The yellow tinted interior is filled with great, tender leaves with a very good flavor. Best in cooked dishes.
Storage						
Buscaro	4442G OG , 4442	98	5 lb.	Round to slightly oval	–	Late maturing for fresh market or processing. Heads have a short core for fresh use or short-term storage. Good flavor for slaws and salads. Heads are set high off the ground on tall plants which allows for good air circulation for better plant health.
Kaitlin	286	94	8–12 lb.	Round	HR: FY	Produces a high-quality, high dry-matter white cabbage for sauerkraut. Mid-term storage cabbage that will store well until December or January. Interior remains quite white, not green, after storage.
Murdoc	3260	83	7–8 lb.	Pointed	–	Especially suited for Weisskraut, a Bavarian specialty which is mild and more tender than typical sauerkraut. Also excellent for cole slaws, stir-fries, and sautés. Will store approximately 30-60 days.
Promise	4037	96	6½–10 lb.	Round	HR: FY	Fantastic right out of the field, or after long-term storage. Juicy, tender, sweet leaves. Excellent for slaws, cooking, and sauerkraut. Growers of Storage No. 4 will love this variety.
Ruby Perfection	177	85	3½ lb.	Round	–	Heads are medium-sized and dense, with a uniform high-round shape and good wrapper leaves. Good field-holding ability. Resistant to thrips.
Storage No. 4	167	95	4–8 lb.	Round	HR: FY	For fresh use and storage. Makes nice cabbage even under fertility or weather stress. Forms solid heads with delicious, crisp leaves with long-term storage potential, into spring.
Typhoon	4036G OG	98	10 lb.	Round	HR: FY	Very good eating quality—much better than a typical storage type—and an excellent choice for sauerkraut as it has a high dry matter content. Suitable for long-term storage into spring.
Mini						
Caraflex	109G OG , 109	68	1½–2 lb.	Pointed	–	Extremely uniform, small heads with good wrapper leaves. Inner leaves are tender, crunchy, and have an excellent, sweet and mild cabbage flavor. Perfect for summer salads, slaws, or cooked dishes.
Tiara	3626G OG , 3626	63	1–2 lb.	Round	–	Mildly-sweet leaves are excellent for cooking or fresh use. Delicious flavor. An annual favorite in our taste tests.

OG=Organic Seed
