

The Johnny's Advantage

When you need proven varieties you can count on and detailed guidance from seeding to harvest, consider Johnny's your trusted growing partner.

SUPERIOR SEEDS YOU CAN COUNT ON

Our standards for germination exceed industry requirements. We perform germination checks of our seed lots every 5 months, rejecting seeds that fail to meet our 5-point inspection criteria.

CLASSICAL BREEDING METHODS

We focus on introducing varieties that specifically meet the needs or solve challenges faced by mixed-market small farmers and avid home gardeners.

RIGOROUS TRIALING

We put our seeds, tools, and supplies to work every day on our own farm. Everything we sell has to pass the rigorous review of our team of experts.

COMMITMENT TO ORGANICS

Since the early 1970s, our breeding efforts have concentrated on delivering crop varieties that perform optimally under organic farming practices.

YEAR-ROUND SUPPORT

Growing is a continuous learning experience. From new varieties and trends, to unforeseen challenges and pressures, our experts are here to provide you with the support you need throughout the year.

RESOURCES & EDUCATION

Explore 1,000+ videos, technical guides, and more in our online Grower's Library! Reach out with questions via chat, email, or phone, and sign up for our newsletter and educational webinars.

Johnny's Research Farm
Albion, Maine (USDA zone 5b)

What Our Growers Are Saying

"So much of farming is trial and error. Having Johnny's as a partner to help solve some of our variety questions is a huge jump ahead of where we would be on our own."

Cheryl Nunes and Annie Moore • River Queen Greens
New Orleans, LA (USDA Zone 9b)

Your Growing Success Is Our Priority

Our mission is to help families, friends, and communities to feed one another by providing superior seeds, tools, information, and service.
